Who we are

Nhlanganiso Catering & Baking is a South African bakery and catering brand bringing together freshly prepared baked goods, celebration cakes, desserts and thoughtfully planned catering for events and businesses.

We serve customers looking for everyday bakery favourites as well as those planning meaningful moments—from birthdays and weddings to office breakfasts, meetings and special gatherings. Our approach combines product quality, presentation and personal service.

Our online storefront makes it easy to browse available products, place bakery orders and pay securely. For larger or customised events, customers can send an enquiry with their date, guest numbers and requirements so that a tailored quotation can be prepared.
